## THE OPPORTUNITY

# THE FINAL HOMESITE IN AN ENCLAVE OF \$8M+ ESTATES

Set in the wooded hills of Arrington, this 8.79-acre tract is the last remaining canvas within a private community of custom estates valued at \$8 million and above — a level of scarcity that rarely reaches the open market.

## THE LAND

# 8.79 ACRES IN THE HILLS OF ARRINGTON

## A QUIET, WOODED CANVAS.

Rolling topography and mature tree cover on a private street — space to build, entertain, and retreat, all inside prestigious Williamson County.

The background image shows a minimalist interior with a high wooden ceiling and a large wall-mounted wooden shelving unit. The shelves are filled with books, decorative objects, and small potted plants. In the foreground, a dark desk holds a modern desk lamp and some papers. A window in the background offers a view of a landscape. The overall atmosphere is warm and modern.

THE RESIDENCE

# A SCANDINAVIAN-STYLE BARNDOMINIUM

3,000 sq. ft. of clean, modern design — three bedrooms, a full kitchen, and a soaring second-floor bonus room. Live on-site in comfort while your main estate takes shape, or keep it as a private high-end retreat.

THE DESIGN NARRATIVE

# THE DESIGN VISION

*A curated narrative for the estate — exterior elevations, interiors, landscape,  
and the material and fixture selections that define it.*

# OVERALL PROJECT DESIGN NARRATIVE

The house design will be a Nordic barn style house, drawing inspiration from traditional Scandinavian barn structures. These homes combine rustic and modern elements to create a distinctive and cozy living space.

## SIMPLE DESIGN

Straightforward and uncomplicated design, emphasizing clean lines and minimalistic aesthetics incorporated into the house design.

## WOODEN CONSTRUCTION

Wood is a prominent material for both exterior and interior, creating a warm atmosphere and paying homage to traditional architecture.

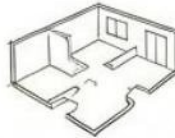

## GABLED ROOF

The roof will have a steep pitch with gables, a common traditional feature.

## LARGE WINDOWS

Maximize natural light and connect with the surrounding landscape through large, simple, and functional windows.

## OPEN FLOOR PLANS

Interior features an open floor plan with a focus on functional spaces and a lack of unnecessary partitions, enhancing openness.

## NEUTRAL COLORS

The color palette consists of neutrals like whites, grays, and natural wood tones for a clean and timeless aesthetic.

## INTEGRATION WITH NATURE

We seek to integrate with the natural surroundings through large windows, outdoor living spaces, and complementary landscaping.

### **Why it holds value**

Land in a capped, high-value enclave is inherently scarce. With a finished residence already in place and 8.79 acres to build on, a buyer secures both immediate use and long-horizon upside as the final estate in the community is completed.
